

There is a meeting this afternoon, hosted by Hythe Town Council, to coordinate the community response to Covid-19. It will include representatives from the doctors surgeries, Age UK, Hythe Dementia Forum, The Salvation Army, the local Churches, RSPCA, KCC, Hythe Town Council and others.

We will look at how the groups should work together, the resource and volunteer requirements, how to avoid duplication of effort, how best to communicate and how to seek to ensure everyone has the support they need in this challenging and ever changing environment. Notes and action points will be posted after the meeting.
